USA Pacific Medical & Legal Conference

New York, USA

26 June—3 July 2016

This conference is part of the 2016 midyear series, including Lake Como, Dubrovnik and Stockholm.

So many of Australia's institutions have been inspired by the USA; what better place to explore this connection than exploring the cultural and commercial heart of that country, New York. A top-tier global city, New York is a world leader in economics, politics, law and medicine. This is the place where class actions, the onslaught of medical litigation and issues like product liability began, then exploded.

Although it is hard to put a finger on what makes "The Big Apple" buzz, it's the city's hyperactive rush that really draws people there. New York is wonderful in summer and surprisingly warm (considering it is famous for trench coats!) – you can stroll through Central Park, take time to row on the lake, hire a bike and ride across the Brooklyn Bridge, see Broadway shows, visit the multitude of museums, galleries and wonderful restaurants, or shop til you drop.

In your 'down time', CPE recommends checking out a comedy show, walking in Central Park or Times Square, visiting 'Little Italy' or Chinatown, even visiting a gospel church in Harlem. Hallelujah, you're in New York!

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between

professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

In the past, summer networking events have included a sunset dinner cruise, a night at the Met Opera Theatre, tour of the 9/11 Museum, group cycle across the Brooklyn Bridge, before-hours tour of MoMA, highlights tour of the Met Museum, a late night jazz session and a New York Yankees baseball game.

CONFERENCE VENUES

Academic Sessions: NYIT (subject to change)

Accommodation: Le Parker Meridien Hotel

A hotel summary with available accommodation options and rates is available from the conference team - book *early* to avoid disappointment.

CONFERENCE REGISTRATION FEES

Per conference, per delegate (AUD)

- \$1,195.....Single conference registration
- \$995.....Multiple conferences/delegates registration
- \$795.....Emeritus registration
(delegates retired from all forms of practice)
- \$795.....Speaker registration
(approved speakers only)

If for any reason you wish to cancel your registration (even at the last minute), we will refund your registration fee less a \$100 administration charge or allocate your registration to a future conference. Accompanying persons not requiring CPD points or certificate of attendance are welcome to attend all academic and networking events free of registration charge.

CPE TRAVEL www.cpetravel.com

CPE Conferences highly recommend utilising the services of our preferred travel partner CPE Travel whom we work closely with to ensure your travel requirements are met. CPE Travel are proud members of *helloworld*, the most professional and experienced network of travel agents in Australia. With CPE Travel you can benefit from access to this valuable network as well as earning and burning your AMEX points on both conference and leisure travel requirements. Be sure to enquire about exclusive 2 for 1 packages as well as pre & post conference options. CPE Travel Professionals can be contacted on 07 3135 9360 or email travel@educationcpe.com.

ACCREDITATION

CPE Conferences is an endorsed QI & CPD provider of Continuing Medical Education (CME) for the Royal Australian College of General Practitioners (RACGP). Our conferences attract Category 2 points at a rate of two points per hour of participation, although not every session attracts points. Claimable Category 2 points are capped at 30 points per conference by the college.

ACADEMIC PROGRAM

CPE Conferences' success as a quality CPD provider is not based on a formula. Instead we offer an exciting kaleidoscope of internationally crafted academic and social programs perfected over the last 23 years by a team of professionals, for professionals.

Expect a broad and comprehensive academic program delivered by speakers that are innovative leaders in the fields of law, medicine, business and technology. We invite both Australian and international speakers to present papers that are interesting, informative and useful for all practitioners. CPE Conferences' academic programs consistently comprise of general medico-legal issues as well as topics that focus on a more specific area of medicine. In the past we have had papers on anaesthesia, gynaecology, anatomy, forensic pathology, psychiatry, emergency medicine, endocrinology and more.

Our speakers share their insights with you in an informal setting conducive to fostering an increase in both knowledge and networking prospects as well as the enrichment of your CPD experience. Our bespoke programs provide a dynamic, relevant and rewarding experience that broadens the mind through a cross-pollination of ideas, across a diverse range of cultures and professions.

Unlike other conferences, our academic agenda remains fluid until the commencement of the conference. This enables us to capitalise on the educational opportunities presented by both the location and the ever constant changes in global current affairs and technology. You will receive the final academic program at the welcome drinks event.

Depending on the length of the conference, academic sessions are run a minimum of four hours over four afternoons of the conference week.

For an indication of this conference's academic program, please request a previous academic agenda or visit our website www.cpeconferences.com for past papers.
